

# ASSEMBLY INSTRUCTIONS

## Cast Aluminum Chair

Please read the instructions carefully before assembly.

Assemble the product on a clean soft surface to avoid scratches. Remove all protective material carefully. Identify all parts packed in the carton against the parts list.

Please do not overtighten during assembly because aluminum is a soft metal and overtightening may strip threads or break parts. Tighten all nuts with your fingers first, and then tighten with a spanner or socket to finish assembly. Do not use a drill in the assembly process.

STEP 1. Connect the back (D) and seat (F) with hardware (C).

STEP 2. Assemble the legs (G) onto the seat (F) with hardware (B).

STEP 3. Connect the arms (E1, E2) to the back (D) and seat (F) using hardware (A, A1).

STEP 4. Tighten all screws securely. Your chair is now ready for use.

### Parts List

A) $\varnothing 6 \times 25 \text{ mm}$ : 4 SETS 	D) 2 pc 	F) 2 pc 
A1) $\varnothing 6 \times 30 \text{ mm}$ : 4 SETS 	E1) 2 pc 	G) 8 pcs 
B) $\varnothing 8 \times 30 \text{ mm}$ : 16 SETS 	E2) 2 pc 	
C) $\varnothing 8 \times 35 \text{ mm}$ : 4 SETS
